From Another World... *...Or 'How To Live Like An Alien'*

Are there aliens? This is not going to be a talk about creatures from another planet or even demons who now appear to be making their appearance on earth claiming to be 'ascended masters' or the saviors of man from some distant planet. Nor is it going to talk about the millions of illegal aliens residing in America these days. No, this is not an article on Alienology or neo-demonology or even immigration reform, but I am going to talk about aliens. What kind of aliens? The kind of alien that those who have truly been born of Christ will demonstrate in their lives that they have already become. We, brethren, weather you really wish to accept it or not, are of another world. Brothers, all one has to do is to read the scriptures and they will tell you that what I am saying is true.

*And he said unto them, Ye are from beneath; I am from above: ye are of this world; I am not of this world.
(Joh 8:23)*

*Jesus answered, My kingdom is not of this world: if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews: but now is my kingdom not from hence.
(Joh 18:36)*

*I came forth from the Father, and am come into the world: again, I leave the world, and go to the Father.
(Joh 16:28)*

*I pray for them: I pray not for the world, but for them which thou hast given me; for they are thine.
(Joh 17:9)*

The world cannot hate you; but me it hateth, because I testify of it, that the works thereof are evil. Go ye up unto this feast: I go not up yet unto this feast; for my time is

*not yet full come.
(Joh 7:7-8)*

*Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world. They are of the world: therefore speak they of the world, and the world heareth them. We are of God: he that knoweth God heareth us; he that is not of God heareth not us. Hereby know we the spirit of truth, and the spirit of error.
(1Jo 4:4-6)*

*For whatsoever is born of God overcometh the world: and this is the victory that overcometh the world, even our faith.
(1Jo 5:4)*

*If the world hate you, ye know that it hated me before it hated you. If ye were of the world, the world would love his own: but because ye are not of the world, but I have chosen you out of the world, therefore the world hateth you.
(Joh 15:18-19)*

*And if any man hear my words, and believe not, I judge him not: for I came not to judge the world, but to save the world.
(Joh 12:47)*

Genuine Christianity has a distinct and important 'other worldliness' to it. It can be found in many of the sayings of our Lord who is calling many people out of this world system and into fellowship with the creator. In order to truly be of the kingdom of God one must be born into it and then become dead to the luciferian system that has enslaved mankind with sin, death and evil.

A genuine Christian is a 'resident alien' in our world. We are in the world but not of it. Our faith leads us away from the pleasures of sin and into God's kingdom. Moses is just one of many examples of such men.

*By faith Moses, when he was come to years, refused to be called the son of Pharaoh's daughter; Choosing rather to suffer affliction with the people of God, than to enjoy the pleasures of sin for a season;
(Heb 11:24-25)*

For we are aliens, strangers and pilgrims in this world and as such must be prepared to

live without many of the fleeting and deceitful pleasures that divert mankind from doing right, speaking the truth, protecting life and believing the Gospel. Moses refused to take a role as oppressor of God's people and rather, made a conscious choice to suffer with them. This is one measure of true man or woman of God. He makes a choice that may not make sense to the natural mind but knows what his spiritual duty is and does not shirk from it and does so with the full expectation that God will guide and protect him (faith). For Moses, it was to leave Egypt, for Paul it was to leave the Pharisee way of life and join those he once persecuted. For many, it will be a hard choice, but one if taken in faith, will yield up God's grace, provision and fellowship. He knows what is ahead and he always honors sincere faith. So when the call goes forth to come out of Babylon, God will make it abundantly clear to those who love him exactly what he expects. It will be no mystery when the time arrives... for those that love him **and** obey his commandments. This is how we enter into the kingdom, by living our lives like we are 'alien residents' in a world slouching towards Sodom and gimping in the direction of Gomorrah. We must not partake in the crimes and evils of the citizens of such a society, but live our lives according to God's holy commandments, not Sodom's lusts and pleasures.

*But ye are a chosen generation, a royal priesthood, an holy nation, a peculiar people; that ye should shew forth the praises of him who hath called you out of darkness into his marvelous light: Which in time past were not a people, but are now the people of God: which had not obtained mercy, but now have obtained mercy. Dearly beloved, I beseech you **as strangers and pilgrims**, abstain from fleshly lusts, which war against the soul;*
(1Pe 2:9-11)

*And if ye call on the Father, who without respect of persons judgeth according to every man's work, **pass the time of your sojourning here in fear:***
(1Pe 1:17)

In fact, Peter starts this fine epistle with this verse.

*Peter, an apostle of Jesus Christ, to the **strangers** scattered throughout Pontus, Galatia, Cappadocia, Asia, and Bithynia,*
(1Pe 1:1)

What does this all mean to we Christians who live in the last days, as the new satanic age becomes ever more apparent in our daily lives where evil is greatly rewarded by satan's ministers and the righteous are persecuted? Peter's Epistle gives us all the direction we need. We must not succumb to the fact that sin and evil are marketed to the lost world with far greater skill today than it was back then.

What does it mean to be in this world and not of it? Does it mean we don't have to obey the 'local laws' here? Of course not. We are to obey all the laws and ordinances of our

respective countries until and except when they compel us to directly disobey God and his commandments. Its why when told to stop preaching the Gospel, we must continue to, if we are told to worship an image, we must not, if we are told to rob, steal or otherwise mistreat another, we must resist such laws. But for the rest, even if we feel it is unjust, we must do as the law commands. Remember, even Christ paid taxes to the Pagan Roman state.

Brothers and sisters, we are not of this world, once we are born into God's kingdom we have passed from the law of sin and death into the law of life and fellowship with Christ and God and as such we must remember that our citizenship is not the EU, Nigeria, France, Mexico or the United States, it is in heaven with the living God. That is our citizenship. We must not count our US citizenship or German Citizenship or wherever you happen to be citizenship as being worth anything more than a 'temporary work permit'. We do not belong here.

Let none of we who are truly called of God (a very small remnant of people) forget this and not let our temporary residency in our respective countries blind us to the deeper obligations that our walk with Christ demand of us. This heavenly citizenship will cause us to act and be quite different that those around us.

Have you ever seen how some immigrants are not treated well by others? Notice how they are often vilified and at times even treated violently by regular 'citizens' of a country? They are often disliked because they look different or speak with an accent or dress differently. They just don't 'fit in' with the others? That is how a Genuine Christian's life will be in this wicked age. Brothers, if you have been called, chosen and faithful to Christ you are never going to 'fit in' in this satanic age and if you do start to fit in, check to make sure you are still on the path to life! This my must add by way of divine exhortation. We as sojourners must never become comfortable in 'Egypt' we must not adopt the ways of 'Sodom' and never get comfortable with the rising wickedness we see around us. We cannot justify murders, we cannot justify thefts, we cannot justify lies (those who tell them reveal their spiritual fatherhood), we cannot justify **any** sin and certainly not partake of them. It is too easy to bite that fruit and justify someones murder in some far off place or right here at home because we don't personally like them, or more accurately what we have been told about them, which may or may not even be true. In the satanic age, murder is justified by lies and his servants follow this key satanic precept and hearken intently on every falsehood that emanates from the devils servants and do what their masters tell them, if told to cheer the murder of children, they do it with glee and a flag in their hands. We cannot justify the theft of someones home based on fraud, which is still happening in America, but because the victims are not white and look like they stepped off the cover of a fashion magazine, most Americans don't care or justify the theft with a vote for those [shielding or immunizing the thieves](#).

So I say it is difficult if not impossible to use reason with those whose reality is based in

lies, theft, hate and bloodshed which is increasingly what America today is really all about. If you are not a raving violent lunatic, bribed by millions, willing to lob missiles into the poorest people's villages and steal your own countrymen's homes, you will never get anywhere in America's political and economic system.

Brothers, our lives are going to be and must by necessity be quite different from those who are not of the body of Christ. So be prepared if you are new to the faith. Like any immigrant community, we will find it easier to 'stick with our own' and maintain a close knit society based, not upon the culture of a decaying and decadent world around us, but on the precepts of God's commandments and Christ's love.

*Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you,
(2Co 6:17)*

Science And The Coming Religion of 'Human (Elite) Divinity'

Brothers in these times, man is doing his level best to justify himself and his wickedness saying 'there is no God' or 'we are gods' and can do what we want. It was the same lie that satan told Eve in the Garden, 'Ye can be like gods'. So it is with mankind today, Science more and more is proving itself to be the greatest tool satan has in his arsenal because of the simplicity of most people who immediately believe a scientist with umpteen credentials, many of them granted by men whom have an avowed antipathy to God or are secretly satanists or secretly uphold many of the doctrines and tents of 'scientific satanism'. This is the world that we live in, it is in utter rebellion against God and is doing all in its power to 'prove' he does not exist, while many of them run into darkened rooms and drink a toast to satan. Don't be fooled. You are witnessing the great deception that is coming upon the whole world just as Christ said it would in these very last days. It is organized, adept and knows how to keep certain facts out of the public domain and push forward others in order to get the masses to come to a per-arranged conclusion. They do it in our wars (where showing the damage our drones has done to innocent people is essentially a crime). We see it in politics, where our leaders do not talk about real issues, like secretly negotiated trade deals that throw millions of Americans out of work or \$15 trillion in debt... that we can't pay back that will significantly reduce in value or destroy every dollar in your wallet and bank account. It is no different in science. Let me hip you to some basic facts that those hiding behind all those degree's don't want you to know.

First off, no scientist can conduct his research without money. I am not talking about a couple of thousand dollars but millions, sometimes hundreds of millions of dollars to conduct key scientific research. There are not many places where that kind of money can be gotten. Know this; that almost without exception the men with that kind of money have an agenda. Do not kid yourself. Scientists who take this money are the kinds of men who will contort data, lie, even destroy it if it does not come to or support the pre-

arranged conclusion that those who are paying for it don't like.

Do you think I am making this up? How many of you remember [Climategate](#)? Here you had hacked emails of scientists fixing the data and then **destroying the evidence** of their doctored, erroneous and fraudulent conclusions! They were caught trying to hide a [DECLINE in global temperatures](#) while trying to sell the world the lie about man-made global warming. Why? Because the money power wanted to show man-made global warming was a scientific fact so that they could institute a global (this is absolutely key) legal regime to control the use of energy (and with it who and where economic growth can happen), tax its use and make money off of the scam. Now I am not going to get into the debate about man made global warming as I do think some (not most and certainly not all) of the warming we have seen is man made but the majority are caused by factors outside of our control (like an increase in unusual Solar activity). Then you have the usual suspects of Think Tanks (who often receive their grants from exact the same people as these scientists) run careful and well covered (in corporate controlled Media) interference for the per-arranged conclusions that simply can no longer be trusted. I mean how can you [destroy all of the data you base your findings on](#) and call that 'science'? You can't. Propaganda? Yes - Science? No.

Then you have the disaster at Fukushima. Do you want to know why some West Coast Universities are no longer collecting and posting their findings? Is it some big government conspiracy? No. The schools need the grants (money) that the Nuclear Power industry gives them and they got a phone call from that industry's representatives that said in essence - Stop your research or we will stop our payments. Hence, you won't see any more results from those universities who were conducting research on how much radiation is showing up in our water, trees, milk, food or seafood. Your ignorance of how you are being poisoned by the industry is essential for their continued profitability. In short, you must die so they can make money... and yes, people will die. Not right away, it will take some years but yes, many Americans and Canadians are going to die because of Fukushima and should [that other reactor in Japan](#) that is on its last legs collapse, brother millions will die because the radiation that will be released will be horrendous.

The industry is using its dollars to subvert the science so that they can continue their push for more nuclear energy. They have a lot of money and power so much that even while incidents of thyroid cancer and birth defects increase in Japan as a result of Fukushima, they were able to 'influence' Japanese decision makers to bring nuclear power back in even while Radiation is showing up in lethal levels in many parts of Japan, including its food supply! The US government is not innocent and the President bears a great deal of the blame for what is happening. Why?

I can say with little doubt that a classified assessment of the entire situation at Fukushima has already been written. No I have not seen it, but know enough to know how the system works. There is a 99.9% probability that such an assessment has already been written and read by DC principles. Why is it classified? Are there sensitive sources and methods involved? Will our agents be killed if it is released? Will top secret

intelligence gathering technology be revealed if such an assessment is made public? No, of course not. Here is where we get into why things are (mis)classified, it is as often as not, not because it will pose a danger to national security but because someone with a lot of money and power wants to continue their criminal acts and has paid the President to help them. "We don't want that report out in the public Mr. President, it would just fuel anti-nuclear sentiment"... a long pause on the line and finally the President says, "OK drop \$10 million in my re-election campaign and you got a deal."

Jeffery Immelt. I talked about him before. He runs GE one of the Nations Nuclear power corporations. He has been out [defending Nuke power](#). He is also the guy Obama hired and put on his 'Jobs' Council and [is now shipping American jobs to China](#). So now you can get a better idea as to why Obama has not released the data on how much radiation is hitting our nation and just what it is going to mean. Still not convinced this President is in Nuke Power's back pocket? Obama is trying to quietly put in subsidies to the industry so they can build more plants. Nuke plants are not getting the financing they need [so Obama wants you to pay the subsidy in the form of loan guarantees](#). So now, you can expect lots of kids to be born with two head, three arms, looking like some of the [monstrosities that came out of Chernobyl](#). Obama will just take the money to make sure it happens because weather you want to accept it or not, that is what this President is really all about. MONEY and defending the rich white (with a few resident Uncle Tom's for window dressing) and thoroughly evil and corrupt elite that is raping lower and middle America.

Scientific corruption does not stop there. Did you know that the elite fund a great many religious research facilities that have members in their scientific board that I personally have suspected are plants from the what I have called the "Underground Reich".

Consider just how much Nazi-ism hated Jews and Jewishness. It was a maniacal and utterly unbalanced hatred. We are not talking about the acts of sane people but those driven by a pathological hatred that culminated in mass murder. That hatred has not died. What better way to undermine 'Jewishness' than to cast pseudo scientific dispersions on Jewish history and religion using 'Archeology'?

How many of you know that the same guy who started the Trilateral Commission (which was developed to create the three major Trading global trading zones we have today of NAFTA, the EU and ASEAN) also has an [archeological museum in Israel](#)? Most don't know that or its role on the work on the Dead Sea scrolls for which [it claims ownership of over 99% of](#). More 'discoveries' are being made daily but only those that cause 'controversy' are talked about on the web and in your elite controlled Newspapers and TV documentaries. But be in known here for all who read this, **I am not knocking science**. I think many hard working scientists have done enourmous good and their hard work has saved lives and enhances our lives. So I am not a Luddite and do not hate science. Rather, it is the **abuse of science** that I am speaking of here.

My point is a simple one as I close here. The devil is far busier than any of you can imagine. He has been working while the Church in America for the most part has been slumbering and enjoying the 'good life'. He has a plan for the world and its Christians

that will (not might or could) but will wreck the faith of millions of lukewarm and biblically ignorant Christians. I tell my readers constantly, which is often received by them with stark disbelief, that we need to watch these scandals in the press regarding the financial system. In particular the ones about the Vatican and now its apparent collusion with JP Morgan.

The documents confiscated from Gotti Tadeschi, a former confidant of the pope, provided Italian law-enforcement officials insight into the innermost workings of the Vatican bank. The secret dossier includes references to anonymous numbered accounts and questionable transactions as well as written and electronic communications reportedly showing how Church banking officials circumvented European regulations aimed at combating money-laundering. - [Speigel](#)

This scandal is a very big one and one that the Vatican with its enormous power has been able to keep out of US newspapers. But Europe is talking about it. There have been many murders, not just the priests I talked about before, seven of whom were brutally tortured and murdered, but others have as well who are charged with the security of the Vatican, they too have been murdered. We are talking about some very serious things happening inside the Vatican that look as much like an effort to cover up some exceptionally serious criminality but also has the hallmarks of a vicious internal power struggle. My own personal opinion is that the whole controversy of the rehabilitation of the anti-Semitic (and holocaust denying) SSPX may be a clue (not a cause) to some of the fault lines within the Vatican. What has been going on in the Vatican these past 40 years is beyond scandalous and I say this with no hatred in my heart towards ordinary, devout and humble Catholics. I mean that with the utmost sincerity. But like most humble religious people, they can too often put their trust in wolves whose desire is not to save them but to deceive and fleece them.

Many who have become ensnarled in illegal business dealings with the Vatican bank have been forced to pay with their lives, while others have spent years behind bars. Despite all of its sacred and solemn promises, the Vatican has succeeded in keeping the pope's bank a haven for money-launderers. And instead of being on some Caribbean island, this one is right in the middle of Europe, in the heart of Rome. - [Speigel](#)

My point is one that needs to be driven home. Do not expect that last days deception to be just one lie that is thrust upon the world, but a succession of seemingly highly credible assertions, 'discoveries' and information that will be carefully released with concomitant important omissions to lead people to a pre-arranged conclusion and into a new system of religious belief that will be anti-Christian and demonic. Most people will not be able to stand up to it. I mean what are you going to do when scientific 'evidence' is provided to show that Jesus did not raise from the dead or that the OT is not true? Couple that with mankind's increasing ability to 'create' life inside test tubes are even able to enhance mankind's innate abilities using genetics. Couple that with say a massive TV event with Aliens landing on earth, telling mankind that they set up religion for their purposes and that they have been secretly guiding mankind for eons (FYI, demons and

devils have... into the cesspool we have today), they show us all kinds of strange technology, like simple and cheap anti-gravity tech (which the US already possess and has deliberately kept secret). Most of the stuff they will show you is just secret technology that we already have, but not unlike the old Egyptian priesthood who wowed the ignorant masses with the correct predictions of eclipses, so will our elite wow the masses in the same way. They just kept from the people key knowledge and technology in order to enhance their psychological power over the people.

But we are of a different and holy Priesthood brothers and must not forget what God has already done for us. Those of you who know him have indeed had some kind of deeply personal encounter with the risen Christ. Don't let the Dr. Frankenstein's of the modern world take that from you with their smoke and mirrors and phony data and fake experiments.

Walk the narrow path to life, stand firm with him and do not stray in these most perilous times for as surely as the sun rises and sets every day, you will see many, many 'believers' fall away and never return to the paths of life.

*For it is impossible for those who were once enlightened, and have tasted of the heavenly gift, and were made partakers of the Holy Ghost, And have tasted the good word of God, and the powers of the world to come, If they shall fall away, to renew them again unto repentance; seeing they crucify to themselves the Son of God afresh, and put him to an open shame.
(Heb 6:4-6)*

Your best bet is to remove yourself PERMANENTLY from such people. They are lost (a nice word for damned and accursed). We are not talking here of backsliding or youthful indiscretions here, but a willful rejection of God and his spirit. Remember Esau who sold his birthright for a mess of pottage (Bronze-age equivalent of oatmeal). That is what these are like. So be prepared to see **many** do the apostasy thing. There is going to be an epidemic of it. You dear brethren, keep your 'alien' and other worldly citizenship and consider your earthy one just a temporary work permit, good for just a very limited time span don't trade your citizenship in the city of God for a mess of oatmeal.

By,
